HOSPITAL INDEMNITY INSURANCE

Underwritten by Transamerica Life Insurance Company

Hospital indemnity insurance pays a cash benefit for each day you are hospitalized. Your benefit can be used to help with deductibles and copays — or even costs you might not think about like the need for added child care or help with transportation. This insurance can help you get through a hospital stay without throwing your finances off track.

MEET SOPHIA

Sophia looks forward to giving birth, and is especially glad she signed up for hospital indemnity insurance. When her baby needs a c-section delivery, she spends four nights in the hospital, but her finances won't suffer because the birth didn't go as she'd planned. Her policy provides a benefit for the stay, letting her pay her bill more easily and recover without as much financial stress.
